

Berlin Health Innovations Information session: Startupbootcamp Digital Health Program 2018 and Startup Pitch Practice

Dear Innovators and Entrepreneurs at BIH, Charité and MDC:

you are cordially invited to an information session on this year's Startupbootcamp Digital Health Berlin program for startups including YOUR BIH/Charité/MDC spin-off.

Startupbootcamp is a global accelerator focused on early stage startups across multiple industries including Digital Health. The program provides selected startups with hands-on guidance and mentorship from health industry network, corporates and investors, as well as partner services and free co-working space. There are currently 581 Startupbootcamp alumni startups across all industries globally, with a total funding of €331M.

Why you should join:

- **Informed program overview** of SBC program based on BIH partnership
- **Reference pitches** by CEOs of the two Charité start-ups in the SBC program 2017
- **In-depth Q&A** with these Charité start-up CEOs
- **Great opportunity for you to PITCH YOUR STARTUP FOR QUALIFIED FEEDBACK**, e.g., to prepare for Startupbootcamp Digital Health FastTrack event on April 25.

Sebastian Mansow-Model

Managing & Technical Director, Motognosis
Affiliation: NeuroCure, Charité
